Get your tax refund up to 4 days early.[1]

Wisely® let's you access your money quickly and easily.

This year, get your tax refund up to 4 days early[1] when you direct deposit[2] it to your Wisely card. It's a quick, no-cost[3] way to access your money, on your terms.

It's easy:

1. If you haven't already, be sure to verify your ID[4] on your Wisely card — there's no cost[3]
2. Get your Wisely account and routing numbers from the Direct Deposit screen
3. Enter them in the refund section on your tax return
4. Select "Checking" as the refund type

1. Faster funding claim is based on a comparison of our policy of making funds available upon receipt of payment instruction versus the typical banking practice of posting funds at settlement. Fraud prevention restrictions may delay availability of funds with or without notice. Early availability of funds requires payor's support of direct deposit and is subject to the timing of payor's payment instruction. 4 days faster funding claim is limited to federal government benefit funds. IRS processing times will not be affected. For up-to-date information from the IRS, visit www.irs.gov/refunds. ACH load limits will apply. To view your load limits, click here to view the Limits Table on the myWisely app or mywisely.com.
2. Please allow up to 3 weeks after your initial setup of direct deposit for your pay to start loading to your card.
3. While this feature is available without a fee, certain other transaction fees and costs, terms, and conditions are associated with the use of this card. Please log in to the myWisely app or mywisely.com to see your cardholder agreement and list of all fees for more information.
4. If you have a Wisely Pay or a Wisely Cash card (see back of your card), access to certain features or loading funds from sources other than the company you received your card through requires you to verify your identity, which you can request in the myWisely app or by calling the number on the back of your card. The identity verification process utilizes your personal information already on file, which must be validated. Card may be restricted or closed if your identity cannot be verified. This may not be available to all cardholders.
5. Standard message and data rates may apply.
