wisely by ADP

Transfer money to other Wisely® members fast.

Wisely makes it quick and easy to send and receive money.

Need to send money to a co-worker for a team gift or a friend for lunch? Peer transfer[1] with Wisely is an easy, convenient money transfer option that allows Wisely members to send funds to each other almost immediately[1] at no cost.[2] Just make sure both members have completed an ID verification.[3]

Quick and easy

Use your existing available balance to transfer funds or receive money (up to $1,000/day) with other Wisely members enrolled in peer transfer usually within seconds.[1]

No fees[2]

There is no cost[2] to send or receive money when you use peer transfer[1] in the myWisely app[4] or mywisely.com. It's just another perk of being a Wisely member!

Convenient access

Simply opt-in to peer transfer[1] in the myWisely® app[4] or on mywisely.com. During this process, use your cell phone number to authenticate yourself. Your cell phone number will also function as your peer transfer[1] ID.

It's your money. Make the most of it.

Afford yourself every advantage.™

1. PEER TRANSFER TRANSACTIONS BETWEEN ENROLLED WISELY USERS ARE FINAL AND CANNOT BE REVERSED. A peer transfer recipient must be a primary card member who is actively enrolled in Wisely Peer Transfer before being sent a peer transfer. They cannot receive a peer transfer if they have not opted in. Peer transactions are typically processed within seconds but could take longer due to network timing, receiving bank processes, or other factors. Terms and limits apply. Please log in to the myWisely app or mywisely.com to see your cardholder agreement and transaction limits.
2. While this feature is available without a fee, certain other transaction fees and costs, terms, and conditions are associated with the use of this card. Please log in to the myWisely app or mywisely.com to see your cardholder agreement and list of all fees for more information.
3. If you have a Wisely Pay or a Wisely Cash card (see back of your card), access to certain features or loading funds from sources other than the company you received your card through requires you to verify your identity, which you can request in the myWisely app or by calling the number on the back of your card. The identity verification process utilizes your personal information already on file, which must be validated. Card may be restricted or closed if your identity cannot be verified. This may not be available to all cardholders. If you have a Wisely Direct card (see back of card), your identity has already been verified.
4. Standard message and data rates may apply.
